EFFECTS OF MUD ON THE FEET OF CATTLE AND SHEEP. Rufus Peet, of Castile, New York, writes to the Rugal New Yorker: I have seen considerable of what was called "boof-ail" among horned cattle. I have heard it ascribed to various causes, but I am not very confident that but one cause exists. That cause ter off in any respect than yourself; this: When cattle go to brooks or think unkindly toward them, and speak is this: When cattle go to brooks or low classes where and exists, to obtain lightly of them. Be constantly afraid drink, their hoofs are softened by the mid, and, as a consequence, the feet freeze in extremely cold weather. My reason for this reachests one one should encrosed upon your rights; be watchful against it, and if any one comes near your things snap at present of this reachest on this: I have eighteen years in this of the state of the state of things, I lived twenty-two years in tights are sust as much concepted as it. The application of the constantly afraid which are constantly afraid them. Be constantly afraid them, and speak with a processing the states of them. Be constantly afraid them of the constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of them. Be constantly afraid them of them of them. Be constantly afraid them of them of them. Be constantly afraid them of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them of the state of them. Be constantly afraid them. Be constant things. I lived twenty-two years in lights are just as much concerned as if Cattacangus county, and I save lived it were a pound of gold. Never yield a for more than twenty-one years in Wyo- point. Be very sensitive, and, take In all of these places I everything that is said to you in playming county. In all of these places I everything that is said to you in pay-have seen the effects of different cir-cumstances, In Otsego, cattle some-lines went to low, middy places; they, should not think enough of you; and if as a consequence, sometimes had "hoof, any time they should seem to neglect ail." In Cattaraugus the ground was you put the worst construction upon generally soft in the Winter, when not their conduct you can, common. Many cattle lost their feet

tollowing story, but if the Columbus (Ga.) San, which tells it, means to im ply that the picture described was not in the botton of the bowl before Mr. Ball, of "unquestionable varueity," washed life hands to it preparitory to Last year was with us in Castile, a going to breakfast, then these spectro for was scarce. Cattle suffer of from 1038 houses in Objo and elsewhere may They suffered much, Many were Among the articles shown at the Opeli-obliged to doctor their cattle; but my been, a wool grower. I have found that sheep are affected in their feet as bovering-all distinct. The story cattle are. They cannot endure the this: Mr. Ball, of Coosa county, Alaindheare of mud. "Foot-rot" has nevwater out, but the picture and scenery emanied, and does now, as bright as when first seen in 1868. Mr. Ball

THERE is a covered bridge at Peoria five hundred feet above high water mark. A drover recently attempted to (value to catch them; they are too cum- drive a thousand sheep across it. ning to be trapped, and to lay poison I When about half way over the bel there not for fear of killing my dogs, wether noticed an open window, and, bles, the pig styes being in the fold. In point of the compass, he intered a a short time they emigrated they evans a plaintive "Ma-a!" and descended to nated the place, cleared right out, every his fair. The next succe and the next lack of them, and I have not seen a sin-followed, initialing the gesture and that gie tal about the place for opwards remark of the leader. For hours if of face years but not neighbors who rained sheep. The crewbite placid are within eighty rods, have plenty of stream was incurnating with the life. all sizes and ages. Perhaps it is not blood of moritanid matter, and not magererally known, that where there are lift the brief tail of the last sheep as it disappeared through the window way 31 the sickness prevail; if there is a geat adien to that wicked world did the heptabout the yard and stable."

> at Staunton, Dr. Parker read a very interesting paper on the subject of sow-ing machines and their effect on the health of females, in which the conclu-

cows on sowed corn from the middle of list duly to the middle of October, and Usit, too, from the product of three area," He estimates that he took fixed tons of this "immuritious" subside the tons of this "immuritious" subside the from the space indicated, and he knows that his cases did not fall off in their milk during these three months of drought, but that some increased the flew, and that the butter was fully up to the standard.

Sittena Posts.—Mr. Henry Myers informs usthat, about twenty-five years good, he set two gate-posts, cut from the same cheshing tree one.

"I finds him, fader," "No. Haus; I believes you tell one big falschood, 9 "No, fader; dat is true; I is de lucki

st boy you never see, " "Vell, Hans, I has to vip you." "Not 'cause I steals, fader?" "No. Hans, I vip you 'cause you s very lucky.25

А ствоин-миново woman in 10 traspoonful of allspice, one spoonful of troit, made the following gentle reply concamon, three cups of water. Boil to a politician who had called at her all together, and when cool add three house to get her husband to vote: "No, sala crackers rolled one. This will sir, he can't go! He's washing now, and be's got to iron to-morrow, and if Concaver Pie.—Peet the dark skin of, crate the meat upon a large grater, such as is used for sweet sorn, heat one cay light, and a cup of milk and sugar dark."
